Zagreb - Sisak**

Round table

Dear colleague,

We are pleased to announce the organization of a round table in Zagreb and Sisak that will be held from 11th to 12th November 2019. The main topic of the meeting is Pannonian slipped ware/ Pannonische Glanztonware so we are inviting to participate as a lecturer. On this occasion, we will try to explore the various aspects of this group of pottery and to discuss problems, distribution patterns and differences between regions. The first day of the program will be held at the Institute of archaeology in Zagreb. The second day will take place in Sisak where we will be able to hear about the newest finds from excavations and to see the pottery in the Museum.

The idea of this meeting is also to form a more connected group of pottery specialists in the region. Lecturers are invited but the organizing committee will consider additional papers/posters if they fit into the program.

There will be no registration fee, organizers will provide food/refreshments. Also, if needed, transportation from Zagreb to Sisak.

We kindly ask you to confirm your attendance to email iozanic@iarh.hr and to provide us with a summary until 27th September 2019.

On behalf of the organizing committee:

Ivana Ožanić Roguljić
